GENERAL SESSION PAPERS

June 5th Luncheon Session

"What Top Management Expects from a Quality Control Program". . .	1
---	---

C. R. Sheaffer, President, W. A. Sheaffer Pen Company.

June 5th Banquet Session

"A Management Viewpoint of Quality Control"..	7
---	---

George F. Smith, President, Johnson & Johnson.

June 6th Luncheon Session

"Quality Control at Aldens".	11
--------------------------------------	----

Robert W. Jackson, President, Alden's Inc.

INTRODUCTORY STATISTICAL QUALITY CONTROL CLINICS

Clinic No.

1. "General Introduction of Control Chart Principles in Industrial Applications".	17
---	----

Professor Irving W. Burr, Purdue University.

8. "Measurement Charts in Quality Control".	29
---	----

Professor Mason E. Wescott, Northwestern University.

15. "Attribute Charts in Quality Control".	49
--	----

Professor Mason E. Wescott, Northwestern University.

22. "Applications of Control Charts in Industrial Quality Control".	71
---	----

Professor Irving W. Burr, Purdue University.

29. "Fundamentals of Acceptance Sampling".	81
--	----

Professors Irving W. Burr and Mason E. Wescott.

GENERAL CLINIC PAPERS

Clinic No.		Page
2.	"Using the Quality Control Chart to Identify Assignable Causes" Edward M. Schrock, Quality Control Engineer, General Electric Company, Erie, Pennsylvania.	97
4.	"The Use of Modified Limits in Process Quality Control". J. R. Steen, Director of Quality Control, Sylvania Electric Products, Inc., Emporium, Pennsylvania.	103
5.	"Control Chart Treatment of Personnel Statistics". D. J. Bolanovich, Personnel Department, Radio Corporation of America, RCA Division, Camden, New Jersey,	111
6.	"Quality Control in Sub-Assemblies". H. R. Bolton, Chief Inspector, Harrison Radiator Division, Kensington Plant, Buffalo, New York.	121
7.	"Acceptance Sampling by Variables" Edwin G. Olds, Associate Professor, Department of Pure Mathematics, Carnegie Institute of Technology, Pittsburgh, Pennsylvania.	131
10.	"Techniques for Research and for Process and Product Development". William L. Gore, Chemical Engineer, Plastics Department, E. I. duPont deNemours and Co., Inc., Arlington, New Jersey.	145
11.	"Is Your Inspection Department Inspecting?". Edwin A. Boyan, Assistant Professor of Business Management, Massachusetts Institute of Technology, Cambridge, Mass.	153
12.	"Statistics and Time Study". Arthur B. Wright, Industrial Engineering Department of General Motors Institute, General Motors Corporation, Flint, Michigan.	161
14.	"Why Statistical Quality Control Gets Results" Lloyd A. Knowler, Associate Professor, Chairman, Department of Mathematics and Astronomy, The State University of Iowa, Iowa City, Iowa.	167
17.	"Application of Statistical Quality Control at Minneapolis-Honeywell". S. C. Amren, Assistant Chief Inspector, Minneapolis-Honeywell Regulator Company, Minneapolis, Minnesota.	171
18.	"Scientific Control of Stockroom Inventories". R. H. Wilson, General Service Manager, Bell Telephone Laboratories, New York City, New York.	175

Clinic No.		Page
19.	"Statistical Quality Control Concepts Applied to Waste and Personnel Efficiency"	193
	Guy G. Parkin, Chemical Engineer, Director of Industrial Statistical Control, Minnesota Mining and Manufacturing Company, Saint Paul, Minnesota.	
20.	"A Study of Sampling"	201
	B. H. Nissen, Chief Chemist, Brewery Division, Anheuser Busch, Inc., St. Louis, Missouri.	
24.	"Quality Control in Veneer Production"	213
	Douglas W. Ferris, Quality Control Engineer, Nickey Brothers, Inc., Memphis, Tennessee.	
25.	"Installing Quality Control at Swift and Company.	221
	John K. Wickliffe, Standards Department, Swift and Company, Chicago, Illinois.	
26.	"Reestablishing Operator Responsibility for Quality". . .	233
	Wyatt E. Lewis, Quality Control Engineer, General Electric Company, Ontario, California.	
28.	"Teaching Statistics to Engineering Students"	251
	Paul Peach, Head of Industrial Section, Institute of Statistics, University of North Carolina, Raleigh, North Carolina.	
30.	"Quality Control and Chemical Specification".	255
	J. A. Mitchell, Quality Control Supervisor, Cellulose Esters Division, Tennessee Eastman Corporation, Kingsport, Tenn.	
31.	"The Fundamentals of Correlation".	259
	Miss Nancy Bruner, Statistician, Western Auto Supply Company, Kansas City, Missouri.	
32.	"Quality Control and Its Practical Application to Problems in the Stitching Room and Textile Manufacturing". .	271
	J. J. Sullivan, Director of Quality Control, Reliance Manufacturing Company, Chicago, Illinois.	
34.	"Sampling and Sorting Ammunition for the Attack on Normandy".	275
	Colonel Leslie E. Simon, Director Ballistic Research Laboratory, Aberdeen Proving Grounds, Aberdeen, Maryland.	
	Index of Clinic Papers not Available	283
	Officers of the American Society for Quality Control	284
	Personnel of the Midwest Conference Planning Committee	284
